

PRESTIGE FLOWERS™

One of the UK's Most Sustainable Florists

At Prestige Flowers, our commitment to protecting and preserving the planet is at the heart of everything we do.

As one of the UK's leading sustainable florists, we are honoured to have received the Ethical Company Award. For over a decade, we have dedicated ourselves to ethical practices, creating stunning bouquets that are not only extraordinary but also environmentally responsible.

Quality and Sustainability

For numerous years we are proud to have achieved a perfect independent 100/100 ethical score rating, and be the recipient of the Ethical Company Award.

Forward Thinking

Our state-of-the-art facilities have eliminated gas use, introduced solar power, and fully recycle all waste, including over 104 tonnes of green waste annually - the equivalent of eight double-decker buses!

Our Promises

We're committed to sustainability! 99% of our packaging is recyclable, with FSC-certified boxes and 100% compostable flower food.

We're reducing plastic, aiming for over 90% recycled content in sleeves by late 2026. We ensure ethically sourced products and are carbon-conscious from production to dispatch.

Giving Back Matters

We've donated over £700,000 to UK charities including:

Partnered With...

We have planted over 12,500m² of wildflower meadows in the UK

We've supported three surveys of UK kelp restoration sites

We backed national campaigns to protect endangered British species

Supporting British Growers

We are more committed than ever to supporting British growers - this year we have grown over 250,000 british stems! This approach not only enhances our environmental impact but also strengthens our support for local UK agriculture.
