

PRESTIGE HAMPERS™

Sustainable Luxury Hampers That Give Back

At Prestige Hampers, we believe true luxury goes hand in hand with responsibility.

That's why our hampers are crafted using ethically sourced ingredients, eco-friendly packaging, and also support local UK artisans and producers. When you choose Prestige Hampers, you're sending more than just a gift.

Quality and Sustainability

For numerous years we are proud to have achieved a perfect independent 100/100 ethical score rating, and be the recipient of the Ethical Company Award.

Forward Thinking

Our state-of-the-art facilities have eliminated gas use, introduced solar power, and fully recycle all waste, including over 104 tonnes of green waste annually - the equivalent of eight double-decker buses!

Local at Heart

Proudly Yorkshire-born, we strive to source locally wherever possible, supporting regional producers and businesses. It's the local support that makes our hampers truly special.

Our in-house brand, Valley, creates our own sweets, jams, and artisan chocolates — using ethically sourced South American cacao and British milk, handmade in copper pans for exceptional quality and taste.

Let your gifts speak volumes, about your brand and your values

Get in touch with one of our team today, call us on **01422 773 151** or email us at corporate_sales@prestigegifting.co.uk

Zero Single-Use Plastics

We've removed all single-use plastics from our products and operations. Every element of our packaging is either recyclable or compostable, ensuring your gift is as kind to the planet as it is to the recipient.

100% Recyclable Packaging,
Ethically Sourced Products
and Carbon Conscious from
Production to Dispatch.

Giving Back Matters

We've donated over £700,000 to UK charities including:

Partnered With...

We have planted over 12,500m² of wildflower meadows in the UK

We've supported three surveys of UK help restoration sites

We backed national campaigns to protect endangered British species
